Contact Days

These face-to-face sessions have been designed to help you apply what you have been learning online and in your Work Experience hours, as well as to provide you with an opportunity to clarify any aspects of the course learnt to date.

Practise Days

The Practise days are designed for students to take a deeper look at repertoire. These sessions are to foster self mastery and offer the opportunity to practise solo and if needed to receive feedback as an individual on the principles and concepts of the Pilates method.

Practicums

A face-to-face and highly-practical session, the purpose of the Practicum is to offer the student a chance to work in pairs and in small groups –to learn how to practically apply the new-found skills and knowledge. Students will be allocated tasks to further explore and expand understanding of the Pilates Method, concepts and principles in the Matwork and Studio setting. Each five-hour Practicum will provide the student with the equivalent of 5 Work Placement hours –these are logged as Assisted Teaching hours.

Assessment Days

Students attend Assessment Days to complete required practical tasks and assessments with Faculty Members.

For further details (units of competency, pre-requisites, vocational outcomes, course fees and inclusions), please visit www.nationalpilates.com.au .

All contact days, practicum days, workshops and assessment days occur at the Aligned for Life CBD studio at Level4, 370 Little Bourke Street, Melbourne.

Note: Numbers are limited and National Pilates Training reserves the right to vary delivery schedule at any time as deemed necessary. This includes cancellation or delay due to insufficient numbers. In such circumstances, National Pilates Training will provide full refunds.
